NetShelter® CX

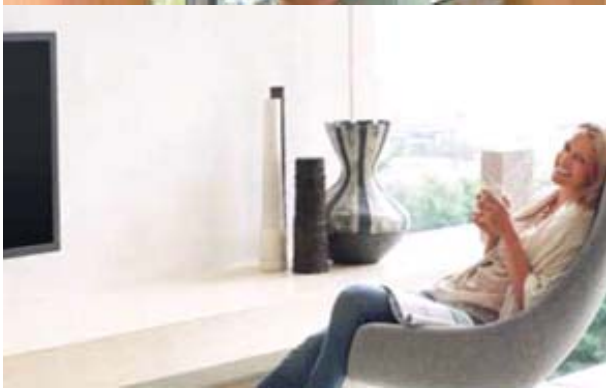

Solutions for Audio/Visual

A soundproofed server room in a box which allows for IT & AV deployment wherever and whenever it is needed, saving space, cost and deployment time.

How NetShelter® CX Helps:

- Netshelter CX reduces sound by 18.5 decibels
- Attractive wood finish means IT gear wont look out of place
- Top surface can be used as a work space, or for monitor and keyboard

Specific Applications:

- **Board Room media equipment**
  - Keep noisy equipment quiet, or showcase your latest rack mount product for customers
  - Blends discretely into the office environments
  - Floor level cable egress allows for hiding cabling and keeping the installation neat
- **Home Theater**
  - Keep sound and media equipment in the theatre room without the distracting hums
  - Furniture look will keep your home looking like a home
- **Church / Auditorium**
  - A safe place to house equipment required to get your message to everyone
  - Moveable cabinet keeps the stage fluid and allows for set redesigns
- **Recording Studio**
  - Keep the gear from disturbing the sound quality of recordings
